BOY STARTS CELEBRATION

Frank Ward, Aged 11 Years, First Utah Victim of Fourth of July Entertainment.

Frank Ward, the eleven-year-old stepson of Ray Thompson, residing at Twenty-eighth street and Adams avenue, charged a can of powder yesterday morning preliminary to commencing a celebration of the Fourth. After tamping the powder in with clay, young Ward lit the fuse. The explosion did not occur soon enough to suit the boy, and he went to examine the bomb. At that time it exploded, and the flesh of the boy's left cheek was laid bare to the bone, and his left eye injured. Drs. Edward Rich and G. A. Dickson attended the lad and dressed his injuries. They have hopes for his complete recovery and expect to save the sight of the eye.

Commissioners Solve Problem of Constables Who Won't Serve.

Owing to the fact that the constables elected and appointed for the various precincts in the county during the year have refused to serve, the board of county commissioners yesterday decided to appoint deputy sheriffs in place of the constables in all of the different districts, who will be paid for actual services. The board decided to make but one appointment yesterday—Lorenzo E. Olsen, of Hooper. The people of Plain City appealed to the board for such an officer, claiming that it was essential at the present time to preserve the peace of the community from a certain element that was causing trouble at certain times during each month.

Juvenile Judge V. C. Gunnell asked the board to pay the probation officer \$25 a month, as much of the work was in the county. The matter was referred to the county attorney for an opinion. Commissioner McKay reported that road improvements amounting to \$500 had been completed.

Portland, Ore., July 1.—An Oregonian special from North Yakima, Wash., says: Thorough search made for H. E. Nicolai, a wealthy rancher of Sunnyside, who disappeared Saturday night has not resulted in his discovery. Nicolai was thought he has been murdered and his body thrown into the Yakima river or the canal. All business was entirely suspended today. A public meeting was held and the sum of \$700 was subscribed as a reward for discovery of the missing man. Nicolai has received several threatening letters lately from persons who resented his activity as president of the Law and Order league against the illicit sale of liquor, and the authorities believe that he was attacked and killed Saturday night. Many sensational stories are current. One supported by testimony of several residents near Yakima river is that late Saturday night they heard cries for help and a buggy containing two men was seen driving toward the river. The wheels of the buggy have been traced to the water's edge and back to the town.

NO CAUSE FOR COMPLAINT.

Japan Not Discriminated Against in San Francisco.

Washington, July 1.—The fact that there is no apparent discrimination as a race against the Japanese who made application in San Francisco to establish intelligence offices, and who were refused this privilege, has been received with evident satisfaction by the officials of the embassy here, and they say that, this being the case, there is nothing for them to do, nor have they any comment to make. A dispatch has been received at the embassy from the Japanese consul representative in San Francisco, which, after saying that the applications from the Japanese to conduct intelligence offices had been returned, conveyed the information that they would not be entertained, as the police commissioners had decided such establishments could be conducted by American citizens only. This, in the opinion of the officials here, seems to put an end to the controversy. Naturally
